

St Paul's Rectory,
San Diego, Calif., Dec. 15, 1877.

Dear Doctr.

I wish you and Mrs Gray a
very Merry Christmas and a Happy
New Year.

I read the account of the
honors conferred upon you in Great Britain
with great interest and satisfaction. I congratulate
you upon the great work you have achieved, and
upon the just recognition it has received
abroad as well as at home.

My health has much improved
since I saw you at Cambridge. I hope to
visit New England again next year.

With the kindest regards to yourself
and Mrs Gray - I remain always

Faithfully yours

Daniel Cleveland
